

2021

# DRUG AND ALCOHOL ABUSE PREVENTION PROGRAM ANNUAL REPORT

Prepared by the Drug-Free Schools and  
Communities Act (DFSCA) Biennial Review Team

**GASTON COLLEGE**  
**Drug-Free Schools and Campuses Regulations [EDGAR Part 86]**  
**Alcohol and Other Drug Prevention Certification**

The undersigned certifies that Gaston College has adopted and implemented a Drug and Alcohol Abuse Prevention Program (DAAPP) for its students and employees that, at a minimum, includes:

**1. The annual distribution of the DAAPP in writing to each employee, and to each student who is taking one or more classes for any type of academic credit except for continuing education units, regardless of the length of the student's program of study. The DAAPP includes:**

- Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities;
- A description of the applicable legal sanctions under local, State, or Federal law for the unlawful possession or distribution of illicit drugs and alcohol;
- A description of the health risks associated with the use of illicit drugs and the abuse of alcohol;
- A description of any drug or alcohol counseling, treatment, or rehabilitation or re-entry programs that are available to employees or students; and
- A clear statement that the institution will impose disciplinary sanctions on students and employees (consistent with local, State and Federal law), and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct. A disciplinary sanction may include the completion of an appropriate rehabilitation program.

**2. A biennial review of the DAAPP to:**

- Determine its effectiveness and implement changes to the program if they are needed; and
- Ensure that disciplinary sanctions are consistently enforced.

## INTRODUCTION

Gaston College (“Gaston” or the “College”) is committed to providing a safe, peaceful, and healthy educational environment. The College makes an ongoing effort to maintain a drug-free educational environment by meeting the requirements of the Drug-Free Schools and Communities Act (DFSCA) and Part 86 of the Department of Education’s General Administrative Regulations. The Office of the Vice President for Student Affairs has primary oversight responsibility for compliance with the DFSCA.

The College’s Drug and Alcohol Abuse Prevention Program (DAAPP) is comprised of many elements to address prevention and abuse. Students, faculty, and staff are provided annual information that includes drug and alcohol policies, conduct standards and possible sanctions for violations, legal ramifications, health risks, and campus and community resources. Numerous activities and programs related to alcohol and drug abuse are also offered each year.

On an annual basis, the DAAPP report is distributed to all applicable students and all employees. Special provisions are made to provide the report to students who enroll after the annual distribution and to employees who are hired at various times throughout the year.

The College’s DFSCA Biennial Review report is maintained in the Office of the Vice President for Student Affairs for three years after the fiscal year in which the report was completed. A copy of the report may be requested by contacting the Office of the Vice President for Student Affairs.

## HEALTH RISKS OF ALCOHOL AND DRUG USE AND ABUSE

The following health risks associated with alcohol and drug use and abuse do not include all possible consequences. This information intends to increase awareness of the risks involved.

### Alcohol Use and Abuse Health Risks

- psychological and physical dependence
- interference with the brain’s communication pathways
- heart damage, irregular heartbeat, cardiomyopathy
- strokes and high blood pressure
- liver damage, including fatty liver, alcoholic hepatitis, fibrosis, cirrhosis
- pancreatitis
- weakened immune system and higher cancer risks

Source: [National Institute of Alcohol Abuse and Alcoholism](#)

## Drug Use and Abuse Health Risks

### Amphetamines (*Speed, uppers, etc.*)

- physical and psychological dependence
- loss of appetite
- increased blood pressure and pulse rates
- loss of coordination and physical exhaustion
- stroke and heart failure
- insomnia, agitation, paranoia
- hallucinations, convulsions, and possible death

### Cocaine

- physical and psychological dependence
- increased blood pressure and heart rate
- loss of appetite
- insomnia, severe depression, and paranoia
- erosion of upper nasal cavity
- sudden cardiac arrest, cardiac arrhythmias, ischemic heart conditions, respiratory failure
- convulsions, strokes, and death

### Hallucinogens (*Ecstasy/MDMA, LSD, Ketamine, Acid, etc.*)

- physical and psychological dependence
- nausea, vomiting
- blurred vision and involuntary rapid eye movement, and dilated pupils
- muscle weakness, tension, cramps, and lack of coordination
- illusions, hallucinations, flashbacks during times of stress, memory loss
- elevated heart rate, increased blood pressure
- confusion, sleep problems, and drug craving
- nausea, faintness, chills, sweating, and blurred vision
- severe depression or anxiety

### Marijuana

- physical and psychological dependence including delusions, panic attacks, and hallucinations
- impaired memory and judgement, difficulty in thinking and problem-solving, distorted perception
- loss of coordination and psychomotor behavior (ability to drive)
- dizziness and nausea
- increased heart rate
- suppressed immune system
- bronchitis, emphysema, and bronchial asthma

Narcotics (heroin, codeine, morphine, fentanyl, oxycodone, etc.)

- psychological and physical dependence
- drowsiness, slowed physical activity and breathing
- constipation, nausea, vomiting,
- restlessness, dizziness, and irritability
- disease risks from contaminated syringes
- severe liver damage
- changes in blood pressure and heart rate
- convulsions, coma, and possible death

## STANDARDS OF CONDUCT

Per College policy, the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, illicit drug, or alcohol by any person, including visitors and vendors, is prohibited in or on the College premises; in vehicles owned, leased, or rented by the College; at any work site or location at which College duties are being performed by College employees or students as part of any College activity; or at sites of off-campus activities of student groups recognized by the College.

Students and employees are expected to arrive to campus or report to work free from the adverse effects of drugs and/or alcohol, including any adverse effects of illegal or legal controlled substances such as certain physician-prescribed medications.

In accordance with Gaston College's Policies and Procedures, employees who violate any expectation outlined in the Drug-Free Campus Policy (3-131), or any related policies and expectations, will be subject to disciplinary corrective action, up to and including dismissal, or a supervisory referral to the Employee Assistance Program (EAP), or both.

In accordance with the College's Student Code of Conduct, students who violate the College's Drug-Free Campus Policy - Students (4-48) will be subject to the disciplinary action, up to and including expulsion, termination of student employment, and referral for prosecution. The Drug-Free Campus Policy - Students (4-48) can be found in the [Gaston College Student Handbook, Appendix D.](#)

Gaston College is also a tobacco-free campus. All students, employees, and visitors are responsible for adhering to this policy. The Tobacco-Free Campus Policy (3-133) can be found in the [Gaston College Student Handbook, Appendix L](#).

### Drug Convictions and Financial Aid Eligibility

Drug conviction questions and responses to determine financial aid eligibility will remain on the Free Application for Federal Student Aid (FAFSA) for 2022-2023. A recently passed law states students are now eligible for federal student aid even if convicted for the sale or possession of illegal drugs while receiving federal student aid.

For more information visit the [Federal Student Aid](#) website.

### APPLICABLE LEGAL SANCTIONS UNDER LOCAL, STATE, OR FEDERAL LAW

#### North Carolina Drug Laws
